A must have...

"This is a very easy-to-follow course, with lots of detail to take on board. Great to see how some of it already mirrors what we are doing, but even better to identify gaps in what we do and improve"

APMP certification

APMP certification is the global standard for developing and demonstrating bid, proposal, and capture competency

Foundation Level certification demonstrates knowledge and understanding of bid and proposal management best practices and a commitment to your own professional development.

Suitable for Proposal professionals with 1-3 years' experience.

APMP's Practitioner certification demonstrates a mastery of how to apply bidding best practices and lead others in their use.

Suitable for proposal professionals with 3-7 years' experience. APMP membership and Foundation level certification are required.

Capture Practitioner assesses the knowledge and skills that demonstrate proficiency in capture management.

Requires APMP membership and at least 3 years' experience in the capture, sales, bid, or proposal fields.

Why you should **invest** in APMP certification

Improving job prospects:

Many employers prefer to hire certified professionals, as it demonstrates their willingness to stay up-to-date with the latest trends and best practices.

Network with others:

Professional certifications can offer networking opportunities with other certified professionals, allowing you to build relationships and learn from others in your industry.

Staying current:

Professional certifications require ongoing education, ensuring that you stay current with the latest developments in your field.

Enhance your credibility:

Obtaining a professional certification leads to increased opportunities for career advancement and higher salaries.

“Thanks for a thorough overview. The format of this training is excellent, and breakout of the material is remarkable. The clear design is very helpful and I like how it is designed with the 8 syllabus areas on the exam. The format of the training videos is really easy to follow and I feel set up for success on the exam.”

Our creds

The BidCraft Academy's engaging and varied course material benefits from a body of work spanning **40 years**

I think it's vitally important to still practice what we teach, which is why you'll often find me leading bids for our clients. This helps me share insights and perspectives that you won't find in 'the book'. I'm proud to have served on the board of APMP UK for seven years and I'm a regular speaker at conferences, networking events, and webinars.

I make a principle of doing bidding as well as teaching people - it keeps it real. I'm embedded in the world of APMP as the COO of the UK board and a regular presenter at conferences, chapter events, and webinars. I was the first person in the world to pass APMP's Capture Practitioner certification, so in my eyes that makes me qualified to help you, too.

“

A great training course

“...well-constructed at the right level of detail, interesting and well presented. Using APMP terminology, it covers the entire Business Development life cycle - Roles, Activities, Tools - comprehensively and succinctly. So, as well as being an ideal companion for anyone preparing for the APMP Foundation exam, it's also a useful tool for anyone new to bidding who wants an overview of how it should be done, and for the more experienced practitioner looking for a refresher course in the basics. Excellent!”

“

Superb course

“...Expertly constructed and taught in digestible format. Thanks Jon and Eve and co for a brilliant course - I took the APMP Foundation training course and passed my exam with ease thanks to your great training package!”
